THE ECONODEK® ADVANTAGE

Econodek™ is a tough, economical, waterproof vinyl decking product designed for contractors, waterproofing specialists, and DIYers alike. You can install Econodek waterproof vinyl decking on most outdoor living spaces including balconies, sun decks, roof top patios, walkways, stairs, and concrete.

Add beauty and value to your home with durable, protective waterproofing from Econodek. Protecting your investment is all about longevity. If you calculate the life cycle cost of Econodek against other waterproofing systems on the market, you will see that the long life span of Econodek will be your least expensive option year over year.

To speak with our expert sales and support team directly call toll free at 1-877-860-9333 or visit our website at www.econodek.com.

Stop Maintaining Your Deck and Start Enjoying It!

WARNING: Various products can discolor vinyl decking, specifically but not limited to pressure treated lumber and rubber or bitumen-based products. Ensure all materials are compatible before leaving them in contact with your new vinyl deck surface.

NOTES: This document is not an installation guideline. Applicators must fully read and understand the Econodek Installation brochure before using or installing any Econodek products. Tuff Industries Inc. will not be responsible for the improper use or installation of Econodek products. Choose colors from actual vinyl samples.
